Loving Light and Laughter,

Karen

Earth Acupuncture & Feng Shui Workshop

Karen Rice King, Master Dowser, *Healing Arts Practice*
Beth A. Kuper, Consultant, *Path of Chi Feng Shui*

Saturday, August 29, 2009
9:30 a.m. – 1:30 p.m. in Boulder
Limited to 12 participants

Workshop Fee \$30
Call Beth for Pre-Registration & Location:
303.665.0169 or 720.985.6906

Dowsing: Karen will start the morning off with a brief history of dowsing and its purpose in improving your health and well-being. She will take you outside as she dowses the grid of stress lines around the house. By demonstrating the cure for these lines, she will transform the house into a "safe haven."

You will receive a set of your own dowsing rods to test on the flagged course. Karen will also share the latest findings from the Geobiology Research Association and give you maps of properties that have been cured.

Feng Shui: After the break, Beth will demonstrate a Feng Shui consultation, taking you around the house and pointing out the *path of chi* as it flows smoothly or is obstructed by the architecture and furnishings. She will then suggest "cures" to allow the chi to flow more beneficially.

You will receive a color Bagua and will learn how to apply its 9 archetypal areas to your own home or office. With this tool, you can create enhancements in your Prosperity, Relationships, Career, Reputation, Family, Creativity, Helpful People, Self-Knowledge, and Health.

Karen Rice King has been teaching Dowsing and Shamanism for many years and is a member of the Geobiology Research Association and the International Dowzers Society. Currently, she has an Earth Acupuncture training scheduled for September 26 & 27, 2009, where she will be recruiting for her paid apprenticeship program. For more information, please see her website karenriceking.com <<http://karenriceking.com>>.

Beth A. Kuper has studied with numerous Feng Shui masters and teachers and has been providing Feng Shui consultations since 1996. To help you create a safer environment, she also provides tools to reduce "dirty electricity" in your home, as well as shield you from cell phone and cordless phone radiation.
